TESTIMONIAL

No.: 14 - 002

this Testimonial confirms that the product:

THERMOFIX type 1027 with embedded glass fibre felt
IMPERIO type 1025
heterogeneous vinyl floor coverings
material composition: polyvinylchloride

complies with the requirements of standard:

- **EN ISO 846 Plastics – Evaluation of the action of microorganism (method C: Resistance to bacteria – visual evaluation)**

On the tested samples was not visually determined any growth of the bacteria. The test was carried out with bacteria *Pseudomonas aeruginosa*. The samples did not make source of nourishment and they were not decomposed by the test bacteria. On the tested samples were not determined any visual changes.

It was ascertained on the base of microbiological test that assessed product is resistant to activity of bacteria.

Floor covering IMPERIO type 1027 is simple version of floor covering THERMOFIX type 1025. IMPERIO does not include glass fibre felt and the thickness of wear layer is reduced.

This Testimonial was issued on the basis of the application No. COV/14/017 from 20.01.2014. The base for this Testimonial is the Test protocol No. CHZ 11/0660 from 22.11.2011, issued by the accredited test laboratory of TZU Brno.

Testimonial was issued: Brno, 22.01.2014

Validity up to: 31.01.2016
